

BIBLIOGRAPHY

A BIBLIOGRAPHY ON THE NORTH AMERICAN RIVER OTTER

Lontra canadensis

4th Edition (2017)

ADDENDUM to 2nd Edition

Victor L. Camp

Department of Marine and Ecological Sciences
Florida Gulf Coast University, Ft. Myers, FL USA
e-mails: vcamp@fgcu.edu or victorcamp300@gmail.com

Originally published August 2013; revised February 2014 as IUCN OSG Bull. 30(A), 2013 (First Edition)
Revised April 2015 as IUCN OSG Bull 32(B), 2015 (Second Edition)
Revised April 2015 as IUCN OSG Bull 33(B), 2015 (Third Edition)

In preparing this fourth revision new and recently discovered publications have been added to the full Bibliography, but are here also presented as an addendum, allowing anyone who has created a hardcopy of the bibliography to simply print out the addendum and add it to their hardcopy.

REVISIONS/CORRECTIONS FOR 2016 EDITION

Ben-David, M., L.K. Duffy, G.M. Blundell, and R.T. Bowyer. (2001). Natural exposure of coastal river otters to mercury: Relation to age, diet, and survival . *Environmental Toxicology and Chemistry*, **20**: 1986-1992.

Bowman, J., A.G. Kidd, L.A. Nituch, C. Sadowski, and A.I. Schulte-Hostedde. (2014). Testing for Aleutian Mink Disease Virus in the river otter (*Lontra canadensis*) in sympatry with infected American mink (*Neovison vison*). *Journal of Wildlife Diseases*, **50** (3): 689-693.

Evans, R.D. and E.M. Addison. (1996). Spatial variation in total and methyl mercury concentrations in otter (*Lutra canadensis*) in central Ontario, Canada. *Proceedings: 4th International Conference: Mercury as a Global Pollutant*. Hamburg, **4**: 406.

Polechla, P.J., Jr. and E. Carrillo-Rubio. (2009). Historic and current distributions of river otters (*Lontra canadensis*) and (*Lontra longicaudis*) in the Río Grande or Río Bravo del Norte Drainage of Colorado and New Mexico, USA and of Chihuahua, Mexico and adjacent areas. *IUCN Otter Specialists Group Bulletin*, **26**(2): 82-96.

ADDENDUM

2016, 3rd EDITION

Baldwin, E. (2013). Activity patterns, behaviors, and population status of the North American river otter (*Lontra canadensis*) in a northeast coastal environment, Martha's Vineyard, Massachusetts. M.S. Thesis, Antioch University New England. Kenne, New Hampshire.

Barding, E.E and M.J. Lacki. (2015). Occurrence of nematodes (*Dracunculus* spp.) in reintroduced

- river otters in Kentucky. *Journal of the Kentucky Academy of Science*, **75**(1-2): 94-96
- Bouley, P., M. Isadore, and T. Carroll. (2015).** Return of North American river otters (*Lontra canadensis*) to coastal habitats of the San Francisco Bay Area, California. *Northwestern Naturalist*, **96**(1): 1-12
- Crait, J. R., A.D. McIntosh, E.C. Greiner, and M. Ben-David. (2015).** The influence of changing prey availability on the prevalence of *Diphyllbothrium* in river otters from Yellowstone National Park. *The Journal of Parasitology*, **101**(2): 240-243.
- Day, C.C., M.D. Westover, and C. Schenck. (2015).** Seasonal diet of the northern river otter (*Lontra canadensis*): What drives prey selection? *Canadian Journal of Zoology*, **93**: 197-205.
- Feltrop, P. D. (2015).** The role of silver carp in the trophic position and diet of river otters in Illinois. M.S. Thesis, Southern Illinois University. Carbondale, Illinois.
- Fimrite, P. (2015).** San Francisco: Otter becomes a Bay Area sensation. *Houston Chronicle*, January 9.
- Forman, N.S. (2015).** River otter population monitoring in northeastern Pennsylvania using non-invasive genetic sampling and spatial capture-recapture models. M.S. Thesis, Pennsylvania State University, Old Main, State College, Pennsylvania.
- Fretueg, G. R., T.J. Martin, C. Widga, and D.R. Ruez Jr, D. R. (2015).** Summer diet characteristics of North American river otters (*Lontra canadensis*) in central Illinois. *The American Midland Naturalist*, **173**(2): 294-304.
- Gilbert, B. (1982).** The Utterly delightful otter. *Sports Illustrated*, December 13, **57**(25): 72
- Godwin, B. L., S.E. Albeke, H.L. Bergman, A. Walters, and M. Ben-David. (2015).** Density of river otters (*Lontra canadensis*) in relation to energy development in the Green River Basin, Wyoming. *Science of The Total Environment*, **532**: 780-790.
- Green, M. L., K. Monick, M.B. Manjerovic, J. Novakofski, and N. Mateus-Pinilla. (2015).** Communication stations: cameras reveal river otter (*Lontra canadensis*) behavior and activity patterns at latrines. *Journal of Ethology*, **33**: 225-234.
- Kimber, K., G.V. Kollias, and E.J. Dubovi. (2000).** Serological survey of selected viral agents in recently captured wild river otters (*Lontra canadensis*). pp. 443-448. In: **Fowler, M.E. and R.E. Miller**, (eds.). *Zoo and Wild Animal Medicine*, W.B. Saunders, Philadelphia.
- Kuhn, R.A. and W. Meyer. (2010).** Comparative hair structure in the Lutrinae (Carnivora: Mustelidae). *Mammalia*, **74**: 291-303
- Meronek, S.E., C.C. Day, E. Flaherty, and P.A. Zollner. (2015).** Investigating the impact of invasive Asian carp on river otter diet and the native fish communities of Indiana. The Summer Undergraduate Research Fellowship (SURF) Symposium. Paper 102. Purdue University. West Lafayette, Indiana.
- Moss, M.L. (2015).** An ethnozoarchaeological study of land otters and people at Kit'n'Kaboodle, (49-DIX-46). Dall Island, Alaska. *BC Studies*, **186**: 21-55.
- Mowry, R. A., T.M. Schneider, E.K. Latch, M.E. Gompper, J. Beringer, and L.S. Eggert. (2015).** Genetics and the successful reintroduction of the Missouri river otter. *Animal Conservation*, **18**(2): 196-206.
- Ruez Jr., D. R. (2015).** Summer diet characteristics of North American river otters (*Lontra canadensis*) in central Illinois. *The American Midland Naturalist*, **173**(2): 294-304.
- Russell, A. (2015).** Dietary patterns of *Lontra canadensis* in the Lower Snohomish River Estuary, Washington. *Northwest Science*, **89**(2): 182-187.
- Savage, M. and L. Klingel. (2015).** Citizen monitoring after an otter restoration (*Lontra canadensis*) in New Mexico, USA. *IUCN Otter Specialist Group Bulletin*, **32** (1): 21-24
- Stokes, A.N., A.M. Ray, M.W. Buktenica, B.G. Gall, E.D. Paulson, and E.D. Brodie Jr. (2015).** Otter predation on *Taricha granulosa* and variation in Tetrodotoxin levels with elevation. *Northwestern Naturalist*, **96**(1): 13-21.
